*\*Most flavor variations can be made vegan and/or gluten free\**

## **Pearl's Cakery Wedding Booking Process:**

1. Meet for a consultation and sampler to discuss details for your Wedding Day. In order for me to calculate an accurate quote, please be prepared to discuss the following information:
  - a. Approximate number of servings of cake and/or cupcakes
  - b. Location and timing for delivery
  - c. Flavor choices
  - d. Design requests (colors, theme, decor examples, inspiration photos)
  - e. Any other special requests
2. Preliminary invoice for the maximum servings needed is sent for 50% deposit to be received in order to finalize booking. Deposit may be submitted through PayPal or by mail.
3. Pearl will provide a "Wedding Check-In" as a reminder for adjustments and final payment, and to finalize delivery details.
4. Bride and Groom provide Pearl's Cakery with the final servings count a minimum of one month prior to Wedding Day for any necessary adjustments to be made.
5. Final invoice sent for payment to be received a minimum of 3 weeks (21 days) prior to Wedding.
6. Pearl's Cakery delivers and sets up the order at the reception venue, making sure everything is ready and picture perfect.
  - a. All tiered wedding cakes must be delivered to ensure they arrive and are set up safely. Delivery is \$25 for up to 10 miles from Pearl's Cakery. Additional fees will be charged for additional mileage. Setup is included in delivery.

## ***Other Details for Consideration:***

- Cake Table and Stand
  - When booking your venue/and or rentals be sure to include an extra table or area for the cake and/or cupcakes to be displayed. Please communicate any specific setup requests with Pearl before any final payments are due.
- Cake Cutting
  - Most catering services will cut the cake and serve your guests, but there is usually a cake cutting fee for this service and it should be discussed with your caterer.
- Saving the Top Tier
  - It is a tradition for some couples to save the top tier of their wedding cake to enjoy together on their first anniversary. If the top tier is to be saved then it is not included in the servings needed for the guests, and the caterers need to know that it should be saved. An additional 4" mini tier can be added to the top of your wedding cake for an additional \$35. Pearl's Cakery will provide a box for the top tier with instructions for freezing and thawing.
- Flavor Menu
  - Pearl's Cakery can provide a framed detailed cake and/or cupcake flavor menu for your dessert table in the color of your choice (white, black, gold, silver, wood) for \$15.
